## IMPORTANT EMISSIONS RECALL NOTICE

This notice applies to your outboard motor, PID xxxxxxxxxxxxxxxxxx Model: xxxxxx

October 4, 2024  
990176

Dear Yamaha Owner:

Yamaha Motor Company, Ltd. has decided that a defect that relates to emission compliance may exist in certain 2024-model F2, F4, and F6 outboard motors. Our records indicate that you own the affected outboard motor shown above.

**The reason for this recall:** In affected motors, the Emission Control Information (ECI) label does not contain specific emission control information required by the Environmental Protection Agency (EPA) regulations and Code of California Regulations (CCR).

**What Yamaha and your dealer will do:** Enclosed with this letter is the new ECI label that meets regulatory standards that you should affix to your outboard motor. The back of this letter contains installation instructions on how to remove and replace the existing label. If you're not comfortable performing the modification yourself, your authorized Yamaha dealer will replace the existing label for you. When visiting the dealer with your outboard motor, please bring the new ECI label mailed to you along with this letter. **There will be no charge to you for this procedure.**

**What you should do now:** If you prefer the dealer to perform the modification, please call your Yamaha dealer to make a service appointment. The procedure takes approximately half an hour to perform, but your dealer may need to keep your outboard motor longer depending upon their schedule. At that same time, you can find out how long they expect to keep your outboard motor for this service. Remember to take this letter and the new ECI label with you when you take in your motor.

**You should have this modification done by your dealer as soon as possible.**

If you are unable to return to the Yamaha dealer who sold you the outboard motor, this service will be performed by any authorized Yamaha outboard motor dealer. For the name of a dealer near you, call (800) 88-YAMAHA or visit the Yamaha web site at [www.yamahaoutboards.com](http://www.yamahaoutboards.com).

If you have had this repair performed before you received this letter, you may be entitled to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this repair. For more information, contact Yamaha Customer Relations at (866) 894-1626.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

**If you need help:** If, after contacting your dealership, you have questions or concerns which the dealership is unable to answer, please write to:

Yamaha Motor Corporation, U.S.A.  
Marine Customer Relations Department  
1270 Chastain Road NW  
Kennesaw, GA 30144

Or call: (866) 894-1626

If, after contacting Yamaha Customer Relations, you are still not satisfied that we have done our best to remedy the situation without charge and within a reasonable time, you may submit a complaint to the Environmental Protection Agency (EPA); regional office contact information is available at <https://www.epa.gov/aboutepa/mailling-addresses-and-phone-numbers#HQ> or you can call the agency's main phone number at (202) 564-4700 for information. California residents, email the California Air Resources Board (CARB) at [helpline@arb.ca.gov](mailto:helpline@arb.ca.gov) or call (800) 242-4450.

**If you no longer own this Yamaha:** If you have sold your outboard motor to another party, please call us toll-free at (866) 894-1626 with the name and address of the new owner, along with the Primary ID (PID) number shown above your name on this letter.

We're sorry to cause you any inconvenience, but we are sincerely concerned about your continued satisfaction with our products. Thank you for giving your attention to this important matter.

Sincerely,  
Marine Service  
Yamaha Motor Corporation, U.S.A.
